Barn Painting & Advertising plans to sponsor a United Flight 93 Memorial Barn in Somerset County. The family-owned company, based in Hanover, York County, sells advertising space on non-traditional locations ---specifically barn roof tops which are intended to reach a more localized target.

Barn Painting began a statewide contest Feb. 1, and said it will run through March 31. Contestants must submit a design that may be chosen for the historic memorial. More details can be obtained by calling 866-535-BARN. The company said it will donate barn painting expertise, as well as materials and expenses.
